a withering and witty examination of how the american legal system burdened by complexity and untrammeled growth fails americans and threatens the rule of law itself by the acclaimed author of a generation of sociopaths our trial courts conduct hardly any trials our correctional systems do not correct and the rise of mandated arbitration has ushered in a shadowy system of privatized justice meanwhile our legislators can t even follow their own rules for making rules while the rule of law mutates into a perpetual state of emergency the legal system is becoming an incomprehensible farce how did this happen in the nonsense factory bruce cannon gibney shows that over the past seventy years the legal system has dangerously confused quantity with quality and might with legitimacy as the law bloats into chaos it staggers on only by excusing itself from the very commands it insists that we obey leaving americans at the mercy of arbitrary power by examining the system as a whole gibney shows that the tragedies often portrayed

as isolated mistakes or the work of bad actors police misconduct prosecutorial overreach and the outrages of imperial presidencies are really the inevitable consequences of law s descent into lawlessness the first book to deliver a lucid comprehensive overview of the entire legal system from the grandeur of constitutional theory to the squalid workings of congress the nonsense factory provides a deeply researched and witty examination of america s state of legal absurdity concluding with sensible options for reform

clinical forensic psychology is defined by the application of clinical psychology assessment diagnosis treatment and consultation in legal contexts the term captures the integration of clinical psychology as an applied professional discipline and forensic psychology as an experimental discipline cases in clinical forensic psychology offers a series of case studies that allow readers to take an up close and personal look at the criminal justice system in canada clinical forensic psychologist margo c watt examines the particulars of each case including the biological psychological social cultural and legal factors the book takes an evidence based approach and highlights how the science of clinical forensic psychology informs all aspects of criminal cases police investigative techniques eyewitness testimony pretrial publicity jury selection and decision making forensic evaluations psychological autopsies mental health in corrections and mo re examining incidents ranging from false confessions to wrongful convictions to deaths in custody and the criminals who got away cases in clinical forensic psychology questions how and why these events happened and considers what we can learn from them
